WESTCHESTER PARKS FOUNDATION

Become a Corporate Partner
We invite Westchester’s businesses to partner with us in the opportunity to preserve one of Westchester’s greatest assets, our park system. Find a tailor-made project for your organization to make a difference in the Westchester County Parks. Utilize the time and experience to build your team, increase morale while providing a valuable service to the park system. Groups can choose to have a one-day project, a project that spans a few days, or one that they return to until it is completed.

The work in our county’s parks is continuous. As a corporate partner your donation goes directly towards preserving and maintaining the restoration projects and keeping our parks beautiful and accessible. Your support helps provide a clean, safe environment in our communities and improves the lives of your employees and customers.

The “ADOPT-A-PARK” program provides your organization’s volunteers with an opportunity to maintain, preserve, develop, and improve parks and trails within the Westchester County Parks System. By adopting a park, your organization commits to enhance and maintain a designated park within the county park system through clean-up efforts, trail maintenance, tree plantings, weeding, and any other approved projects which would enhance the beauty of the park. The adopting organization will receive an 18”x24” logo sign. They must complete at least 120 service hours per year in their adopted park along with a $5,000 donation.

Westchester Parks Foundation’s mission is to engage the public to advocate for and invest in the preservation, conservation, use, and enjoyment of the 18,000 acres of parks, trails, and open spaces within the Westchester County Parks system.

“Parks are a reason that people live, work, and play here in Westchester.”
